My First-Year Plan: Unit Overview

GLC2O, Career Studies, Grade 10 (Open), Unit 6. 3 classes of 75 minutes, plus presentation classes, work time, and time for TVO's financial literacy modules and assessment.

The big question

What is my plan, and how will I adapt it as I grow?

Students pull the course together. They review the key money concepts from Unit 5 with original practice questions and build a review plan for the provincial financial literacy assessment, which is completed through TVO's modules. They audit all six sections of the Career Portfolio (Profile, Goals, World of Work, Pathways, Plan and Money), revise and document their goals with evidence, write a one-page First-Year Plan summary, and plan, rehearse and give a 5 to 7 minute presentation with peer feedback and a reflection on adapting their plan. The final evaluation is 20% of the final grade: the culminating task, My First-Year Plan (15%), and the financial literacy graduation requirement (5%), following Ontario's 2026 evaluation policy (65% classroom work, 20% final evaluation, 15% attendance and participation).
